My apologies. I mean for this meeting to block out an hour (not 30 minutes).

Rob

All,

This meeting is to begin discussions with the EPA about Newfield's potential upcoming projects in the Uinta Basin. A more detailed agenda will come prior to the meeting, but below are the general discussion points that Newfield is seeking to discuss:

- Current understanding of new well development under the new Federal Implementation Plan (FIP)
- Outline of steps prior to new wells are drilled and locations constructed
- Timing of process

We appreciate your time and looking forward to this meeting. Below is a conference call line to dial into for those not attending the EPA Region 8 offices.
